

# XIP System Set-up Costing Analysis

## ITSC-XMLWG XIP Team

10 April 2002

Revised 06 June 2002

---

### 1 Abstract

The purpose of this report is to provide information regarding the basic hardware and software requirements for setting up a basic XIP system for data exchange. It included suggested costing for budgeting purpose.

### 2 Introduction

XIP stands for XML Industrial project is a initiative by XML Working group under ITSC Data Exchange Technical committee to implement a system to assist Singapore companies to evaluated XML as a tools for data exchange among themselves.

The project was initiated in Jan 2002 and the following members jointly develop the specification:

Dr Lee Eng Wah, Chairman of Data Exchange Technical Committee, from Gintic Institute of Manufacturing

Mr Andy Tan, Member, from Intrinix Networks Pte Ltd

Mr Chin Chee Kai, Member, from SoftML Pte Ltd

### 3 Minimum system configuration

This software requires the following configuration to execute to acceptable performance.

#### Computer System

- Pentium – 133Mhz with at lease 64Mb system RAM
- At least 10 Mb of spare hard disk space
- Internet connection either using LAN or Modem

#### Software

- Windows 98 or Windows 2000 operating system
- Microsoft Excel 2000
- FTP Server (optional)

## 4 Participating software developers

Following listed the companies who have implemented the XIP applications.

Company Name	Contact information	Software platform	Services provided
Intrinix Networks Pte Ltd	Andy Tan andytan@intrinix.com Tel: 67419965 www.intrinix.com	<ul style="list-style-type: none"> <li>• Windows NT/98/2000</li> <li>• Excel 2000</li> </ul>	<ul style="list-style-type: none"> <li>• Software customisation</li> <li>• Software set-up and installation</li> <li>• Training</li> </ul>
SoftML Pte Ltd	Chin Chee Kai cheekai@softml.net Tel: 96581395 www.softml.net	<ul style="list-style-type: none"> <li>• Windows NT/98/2000</li> <li>• Excel 2000</li> </ul>	<ul style="list-style-type: none"> <li>• Software customisation</li> <li>• Software set-up and installation</li> </ul>

**Note:** The basic XIP software is provided as shareware by participating software developers. Shareware is not public domain software. They are protected under their respective software intellectual property rights. For further detail on download please visit the respective software developers' websites.

## 5 Certified system integrators

More system integrators will be added. Please visit <ITSC-XMLWG-XIP> website for more information.

## 6 Costing

Appendix I listed the cost for implementing XIP system in the company. The price listed are estimated and subjected to change.
